

# 2023 CFEH Education – Independent Learning Modules

TITLE	TOPIC AREA
Acute anterior uveitis	Anterior eye
Anterior eye viral disease	Anterior eye
Back to basics: Interpretation of corneal imaging	Anterior eye
Management of microbial keratitis	Anterior eye
Pterygium and neoplasia of the ocular surface	Anterior eye
A unified, systematic approach to glaucoma mimickers	Glaucoma/Optic nerve
Normal variation of life-threatening? The dilemma of elevated optic nerves	Glaucoma/Optic nerve
Is it glaucoma?	Glaucoma/Optic nerve
An update on evidence-based practice for glaucoma	Glaucoma/Optic nerve
Evidence-based practice in angle closure glaucoma	Glaucoma/Optic nerve
Paradigm shifts in therapeutic management of glaucoma	Glaucoma/Optic nerve
The ABCs of atypical disc shapes and sizes	Glaucoma/Optic nerve
The glaucoma red-flag showdown	Glaucoma/Optic nerve
OCT Angiography masterclass	Imaging
Electrophysiology 101 - What every Optometrist needs to Know	Imaging
Neovascularisation untangled: New insights into New vessels	Imaging
When OCT alone is not enough	Imaging
A day in the life of a public hospital ophthalmologist	Interesting cases
Memorable cases of 2021	Interesting cases
Macular neovascularisation - and how not to miss one	Macula
The great AMD debate	Macula
Managing the macula	Macula
Mysteries of the macula	Macula
The Role of imaging in monitoring AMD and predicting future progression	Macula
Challenges in myopia	Myopia
Eyecare in cancer patients	Neoplasia
Tumours of the posterior eye	Neoplasia

# 2023 CFEH Education – Independent Learning Modules

Cancer and the eye	Neoplasia
Ocular and visual implications of Parkinson's Disease, Alzheimer's and MS	Neuro-optometry
Traumatic brain injury and neuro-optometric rehabilitation	Neuro-optometry
Visual pathway assessment	Neuro-optometry
Treat, refer or monitor	Ocular disease management
Patient self-help: From diet to meditation and lifestyle	Ocular disease management
A systematic approach to acute or transient vision loss	Ocular disease management
Practical clinical examination techniques	Ocular examination techniques
Ocular disease in the paediatric population	Paediatric optometry
Interesting retinal cases	Retina
Peripheral retinal pathology	Retina
The curious cases of retina and choroid	Retina
An Optometrist's guide to dealing with inherited retinal dystrophies	Retina
Fundus changes in choroidal disease	Retina
More than meets the eye: Systemic manifestations of retinal disease	Retina
What's light, fluffy and retina all over? Differential diagnosis of white retinal lesions	Retina
CFEH Medical Series: Diabetes	Systemic disease
CFEH Medical Series: Hypertension	Systemic disease
Ocular Implications of Sleep Disorders	Systemic disease
Optometric management of type 1 diabetes: Do we need a new approach?	Systemic disease
Pregnancy and the eyes	Systemic disease
Shedding light on the medical implications of optometric clinical findings	Systemic disease
Oral medicines in eye care	Therapeutics
Consequences of ocular trauma	Trauma
Vitreoretinal surgery for optometrists	Vitreous
Posterior vitreous detachment: The rules of traction	Vitreous
